Dear Dr. Siadat,

Congratulations to you for your excellence and achievement in receiving *The Deborah and Franklin Tepper Haimo Award*, honoring *Distinguished Teaching of Mathematics*. You bring great honor to your colleagues at City Colleges of Chicago with this prestigious national recognition.

I would love to share in your special day of honor, but due to a commitment on the same night, I will be unable to join the celebration. I did not want to miss the opportunity to send a note to you to express my sincere admiration of your accomplishments.

Congratulations and continued success.

Best,

Gloria Castillo
